Kitchen Cabinet TVs

Space-saving style.

Hand-built in our own factory from steel and glass, our Kitchen Cabinet TVs replace a cabinet door, ensuring your kitchen TV doesn't eliminate any of your valuable cabinet or counter space.

There's a Kitchen Cabinet TV for all standard cabinet sizes, even outside the kitchen, and each one opens with a standard lift, so the cabinet space behind the TV stays usable.

Lift-up door
opens with a standard lift and a built-in handle

100%
of your cabinet space stays usable

3 widths
each one sized exactly for a standard US cabinet width

4.5 ★ Trustpilot
