You need to Set Up Your Airmouse Smart Remote to the TV.

1. Teaching the Power Button

To program the Power button from your original remote:

- Hold the Power button on the smart remote for 3 seconds (you'll see a red blinking light)
- Place the smart remote and original remote head-to-head
- Press the Power button on the original remote

2. Connecting the Remote to the TV via Bluetooth

Before using the remote, you need to pair it with the TV:

- On the smart Remote press and hold the **V-** and **PG-** buttons simultaneously until the red indicator starts blinking
- On your TV, go to **Bluetooth Settings**
- Find and pair the **HBG_RC** device

3. Calibrating the Smart Airmouse remote

To calibrate the Airmouse feature:

- Press and hold the **OK** and **HOME** buttons simultaneously until the red indicator turns on
- Place the remote flat on a horizontal surface and hold it still for 3 seconds
- Once the red indicator turns off, the Airmouse is calibrated and ready to use
